FOR IMMEDIATE RELEASE:

Family Portrait Day at the Denver Botanic Gardens

Event: FAMILY PORTRAIT DAY
Date and Time: October 6, 2013. 10.30 am – 4.30 pm
Place: Denver Botanic Gardens
Cost: \$250
Information: 303-837-1341; sherea@cpacphoto.org
Registration: www.cpacphoto.org

For the second year, CPAC and the Denver Botanic Gardens are jointly sponsoring Family Portrait Day, a fundraiser to support operating costs at both organizations.

Family Portrait Day offers families the chance to have their portrait taken by a professional photographer of their choice in one of the Gardens most scenic areas.

“Each family will enjoy a 30-minute photo session, at their chosen location with one of the region's most celebrated portrait photographers,” said event chair Monique Crine. “The full access to reproduction that comes with each package can represent a significant savings to each family, when compared to having a portrait session taken at a more traditional outlet. Plus, every session represents support for our youth programming.”

Groups of up to 8 people will enjoy a 30 minute photo session, and will receive 12-15 high-resolution images chosen by their photographer. Packages come with full permission to reproduce images as many times and in whatever formats a family chooses.

Tin-type customers will also have the educational benefit of watching their tin-types created while they wait. Tin-type photos can be scheduled in advance on the CPAC website or conducted on a drop-in basis. \$250 portrait sessions must be booked in advance.

SCAVENGER HUNT

As part of CPAC's annual Kids Photo Week, self-guided Photo Scavenger Hunts will be offered free to families throughout Family Portrait Day. Cameras will be available to youth who need them, and volunteers will be on hand to assist in the tour or offer instruction.

Details about Portrait Day photographers are available on the CPAC online at www.cpacphoto.org. Advance reservations are recommended. Visit cpacphoto.org or call 303.837.1341 for information about Family Portrait Day and Kids Photo Week.

The Colorado Photographic Arts Center is dedicated to fostering the understanding and appreciation of photography in all aspects and genres through promotion, exhibition, and education. Our purpose is to be a premier destination for the photographic arts and to benefit our existing photographic culture by nurturing new talent, expanding concepts, generating skills, piquing interest, and contributing to a sustainable market for collectors and artists. Funding is provided by income from classes and workshops, annual membership dues, donations, and grants. CPAC receives grants from the Scientific and Cultural Facilities District (SCFD), Tier III.
